**markilux**  
safe timeless beautiful

**markilux 1300 | The Natural One** Robust, reliable, straightforward and fulfils all the basic requirements of a good quality awning. Sturdy folding arms with twin steel-link chains ensure the cover stays taut. The optional, manually operated pitch adjustment gear allows a pitch to be selected that will give optimum protection from the sun. Another optional extra: the markilux Shadeplus. This valance that descends out of the front profile gives you added solar protection when the sun is low in the sky – and inquisitive glances are kept at bay as well. An aluminium coverboard can also be added and will protect the cover from the worst vagaries of the weather. The front profile with integrated gutter and water spouts guides water away to the sides in light rain.

**Dimensions**

max. 700 × 400 cm

**Folding arm**

twin steel-link chains

**Options**

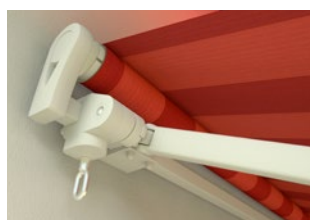

Shadeplus, valance (straight or scalloped), pitch adjustment gear, aluminium coverboard, coupled unit

**Frame colours**

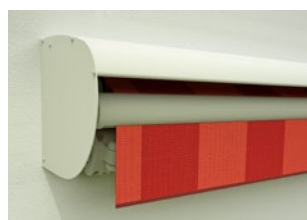

traffic white, RAL 9016  
 metallic aluminium, RAL 9006  
 Optional: any RAL colour (surcharge)

**markilux Shadeplus** Enjoy some quality time on your patio even when the sun is low in the sky.

**Pitch adjustment gear** Using a crank handle, the pitch can be changed quite easily from either 4° to 54° or 35° to 85°.

**Aluminium coverboard** Protects the cover from dirt and rain when the awning is retracted.
