markilux construct | The Limitless One There are situations where a standard model is not enough to meet your special requirements. In these situations system solutions are required. The awning system markilux construct is extremely versatile and flexible. Different modules unite with different awnings to create a veritable awning landscape. You don't have to make any compromises when it comes to size, and the range of available accessories is impressive. You can choose between round and angular posts. It is almost impossible to describe the markilux construct: you just simply have to experience it in your own garden.

Designer awnings to your own precise specification
Different conservatory and folding-arm awnings are possible and can be combined with vertical blinds or side screens according to your wishes.

Dimensions

almost unlimited
thanks to modular and
versatile awning system
