

A woman with long brown hair, wearing a red dress, is lying down and reading a book. She is positioned in the shade of window blinds, with strong diagonal shadows cast across her face and the book. The background on the left consists of the slats of the blinds, creating a pattern of light and dark blue-green stripes.

*le* TEMPS

Forget about the  
*shade*  
Forget about the *light*  
Simply enjoy  
*a unique experience with*  
*bioclimatic patio covers*  
**BIO'MOTION**

Give the sun space  
*to shine through*  
live under *open skies*,  
nuance the *shade*  
and immerse yourself  
in a *new realm of*  
*possibilities* with  
your  
bioclimatic patio cover  
on which each slat is  
retractable and  
swivelling

**@-MOTION**

*Forget about the weather now... Forget about the passing of time...*

Tame the sun, with the ability to create your own interplays of light and shadows lying at your fingertips with your Biossun bioclimatic patio cover.

Created from unique know-how and technology, BIO'MOTION bioclimatic patio covers are a delicate balance of research, innovation and design. Patented know-how allows each slat to be swivelled to preference, following the position of the sun. This can even be done with a smartphone or tablet.

Seek out *new*  
*boundaries*  
*between light and shade*,  
conceive of *new*  
*interplays of light* and  
sculpt *the sun* with your  
bioclimatic  
patio cover on which  
each slat can swivel
