markilux

safe timeless beautiful

markilux 6000 | The Individual One A designer awning with many faces – each one more beautiful than the next. Create your own personal and unique model from a wide range of awning frame colours, decorative elements and available accessories. With its remarkable dimensions and technical values, the markilux 6000 makes a lasting impression. It also cuts a dashing figure as well. Invite Germany's top model into your home.

Dimensions
max. 700 cm × 400 cm

Folding arms
Bionic tendon

Options
LED spotlights in the front profile, end cap insert in stainless steel mesh, end cap trim in polished chrome, Shadeplus, valance, coupled awning

LED spotlights in the front profile More than a decorative highlight. The markilux 6000 lights up your favourite spot in an elegant, flexible and energy-efficient manner, just the way you want it.

Variable decorative elements Whether you choose the end cap insert in stainless steel mesh, the end cap trim in a chrome finish or all deliberately uniform in the awning colour of your choice – you can design your very own personalised top model by markilux.
