## High-grade hub

High stability: The Centro parasol is equipped with an especially strong and solid aluminium hub. Powder coating is available in any chosen RAL color with a slight up-charge.

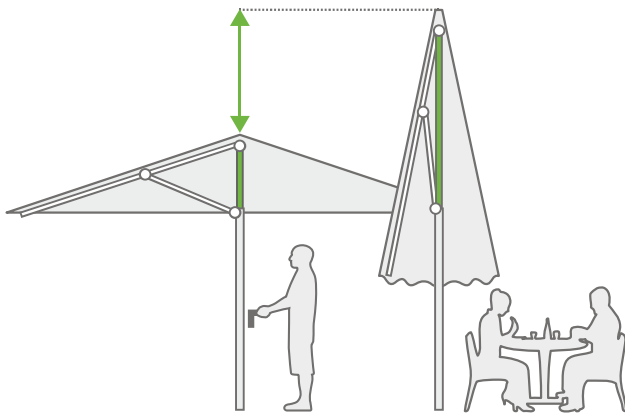

## Elegance on the rise

With the battery-powered strut light, consisting of 4 LED strips, power bank, power supply unit and mounting material, Centro invites guests to make themselves comfortable and enjoy the evening even longer.

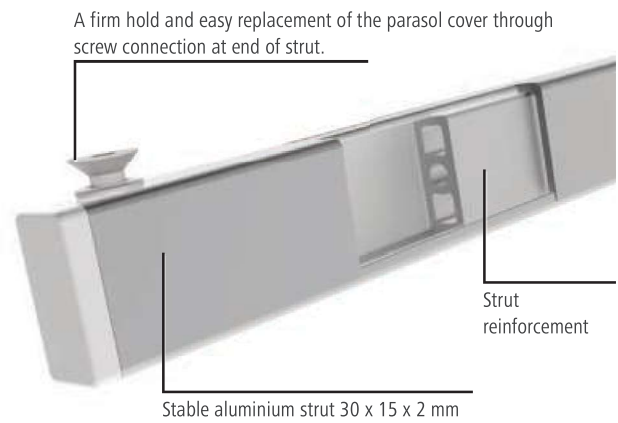

## Sophisticated telescopic system

The advantage: when closing, the telescopic mechanism extends the pole! Tables and patio furniture can simply stay where they are.

## Stable struts

The parasol struts, made of 2 mm thick aluminium tube, are reinforced with special profiles in sections under particular strain.

## Parasol sizes

400 x 400

500 x 500
